

PLAN YOUR VISIT

We require additional information on your current dental status to provide you with the best possible treatment. Please send the following information to our email: patient@osemdental.com.

- A digital copy of your OPG (panoramic) X-ray scan
- Online access to your 3D (CBCT) X-ray scan

Please click the link to visit our website: www.osemdental.com/implantologia

Watch the video and follow the instructions to take photos of your mouth and teeth. Send the photos as an attachment in your email to patient@osemdental.com.

We need you to fill in, sign, scan, and send us several informed consent forms and a medical questionnaire. We will provide them to you ahead of your visit. If you have recent dental records, please forward them to us as at patient@osemdental.com.

Please note that we need to receive your photos and documents **at least 4 weeks** ahead of your arrival date, so that we can plan the treatment and confirm your appointments.

OUR CLINICS

O.SEM

IMPLANTOLOGY

Modern Dental Care at the Bulgarian Black Sea Coast

ABOUT US

O.SEM is a chain of dental clinics in Burgas – the most vibrant city on the Bulgarian Black Sea Coast. Except for their excellent location, our two clinics are known for their high-quality dental service at affordable prices.

We provide a full range of dental services, including a professional focus on dental implantology.

The full range of ancillary bone grafting, and bone preserving procedures, including dental implantology, are done by highly-qualified specialists with more than 30+ years of collective experience.

We offer the best value-for-money solution for patients requiring treatment with dental implants.

WHY CHOOSE O.SEM?

We have a state-of-the-art operating room equipped with the latest technology in modern dental care.

Our clinics are equipped with the best-in-class X-ray scans (3D, panoramic and intraoral) to facilitate on-the-spot, in-clinic pre- and post-treatment X-ray scans.

We work with world-renowned titanium **Alpha-Bio Tec dental implants** with a lifetime warranty, and we provide every patient with Implant & Bone Grafting Passports that are recognized internationally.

All procedures can be done under sedation or general anesthesia in the presence of a medical team (including an anaesthesiologist and nurses) to provide maximum care and safety for our patients.

We can also facilitate a post-op stay for up to 6 hours in a cozy and comfortable patient room.
